

## How to access the Open LMS application

To Access the Open LMS App for Moodle access simply go to either the Google App store or the Apple store and search for “Open LMS”

It should look something like this

Once you have installed the app, you will open it and it will ask if you are an instructor or a learner, select the “I’m a Learner” option

The next page will ask you to enter your school site, please enter

Moodle.emilygriffith.edu

## Connect to Moodle

Your site
